Dear Mr. Madhava Rao,

As His Holiness Sri Parakala Swamigalu is going to Kukkanahalli Tank daily for ablution - purposes, much inconvenience is being felt for want of some kind of steps for getting down to the water in the tank. Would you kindly take necessary action to supply these at a very early date? They need not be elaborate ones; Just a few stone slabs projected out to facilitate getting down would do. The Honorary Superintendent of the Mutt has been requested to indicate to you Engineer the site where the steps have to be constructed. I shall discuss the matter with you if you want.

Yours sincerely,

(9). Palace Treasurer No 506-5596 of 8-11-1933.

Soliciting orders to remind the Sree Parkalaswamy Mutt to supply the balance of Silver for the mantap work.

10) The Treasurer states that as per report of the Sonar maistry Singarachar a quantity of 20522 tolas of Silver is required for Silver mantap work. So far the mutt has supplied 2391 tolas. The balance of 18131 tolas has not yet been sent. The Treasurer solicits orders to write to the mutt to supply the balance early so that the maistry might go to Madras to have the required plates made.

(13). Palace Treasurer no. 534-5969 dated 17/11/33
Submitting the application of Sonar maistry Singachari for further advance of RS 500/- in connection with the Silver Mantap work Sri. Parakala Swami mutt entrusted to him.

14) So far the maistry is said to have done 2200 tolas of silver work. The wages therefor would work up to RS 1375/- roughly. The maistry has so far taken an aggregate advance of RS 770/-. As he has to pay up the balance of wages to his coolies and to proceed to Madras in connection with the mantap, he requires further advance of RS 500/-.

15) The Treasurer solicits orders to raise the departmental permanent advance by Rs. 500/- more, so that he might pay RS 250/- to maistry now and RS 250/- when he proceeds to Madras.

16) The permanent advance of the department is now Rs 1500/- of which RS. 770/- is outstanding against the maistry himself. As the rest is expended on other work the Treasurer finds it difficult to pay the maistry.

Submitted for orders.

................................ Department, The Palace, Mysore.

SUBJECT :-

19) (c) Will the Palace Treasurer be required to make further advances to the Sonar & if so what will be the maximum amount of such advance that may have to be outstanding against the Sonar at any time?

24/11

20) Submitted. The total work will involve about 20,522 tolas of silver. So far he was supplied with 2200 tolas of silver and the work is to it. The wages for the whole work (if all be plain nakasa) would work up to Rs 20,522 x As 10. (As. 10 per tola). i.e. Rs 12,826 roughly as per calculation made on the application of the Sonar by the Treasury. When the Sonar was doing the work of the State Ambari about an advance of Rs 6950/- was outstanding against him and it was adjusted in his final bill in Nov 1931. Accordingly till the work is completed (might be some more months 6 or 7) he will go on requesting for advances. The Treasurer will value the work done every time when he prays for advance and arrange to pay by raising his imprest till the final bill is received. The approximate wages for the work in question is Rs 12000/- as above said.

21) 25/11/33

If the major portion of the total wage is to be held as advance

till final adjustment on completion of the work, the permanent advance with the Palace Treasurer will have to be ~~ext~~ eventually raised up to about Rs 12,000/-. The advance of Rs 500/- now asked for by the Treasurer may be sanctioned as an addition to his permanent advance.

A statement of advances paid to ~~the~~ maistry Singachary in connection with the Silver Mantap work of Sri Parakalaswamy Mutt, Mysore.

28) As per paras. 22 and 23 of this note, the Palace Treasurer states that a sum of Rs 770/- has been so far advanced to maistry Singachary on different dates, in connection with the above Mantap work from the Permanent advance of his department.

At present the permanent advance of the Palace Treasury is Rs 1500/- and out of it a sum of Rs 770/- has been advanced to Maistry Singachari.

Originally the Permanent advance of the Palace Treasury was Rs 1000/- only and it was raised to Rs 1500/- after the introduction of the above Silver mantap work of Sri Parakalaswamy mutt, Mysore –

Orders are solicited whether the sum of Rs 770/= advanced to maistry Singachari may be adjusted by debit to personal deposit and credit to P. advance fully or only Rs 270/= after reducing the P. A. by Rs 500/= which was originally given when the above work was taken up.

## Note.

The agent of the Sri Parakali Matt represents that in consequence of the raising of the dam of Cauvery Reservoir up to 120 feet, some sarvamanya and other assessed lands belonging to Sri Parakali Matt will be submerged and much loss will result to the Mutt if the terms now offered by Government for exchange of lands etc are accepted by the Mutt; but as no definite information is forthcoming regarding the exact extent of land which will be brought under water, he has now confined himself to the area which is known to be definitely affected by the present dam of 80 ft.

2. Lands in two Sarvamanya Villages Kallahalli and Ambigarahalli to the extent of 67 acres and 32 guntas and an extent of 57 acres and 5 guntas of Govt. aseessed lands in the occupation of the Mutt will be submerged, whereas some dry lands in Sarvamanya Villages of Pura and Ambigarahalli will be brought under wet cultivation. The financial result as per calculations made by the Mutt agent is embodied in Statement A herewith submitted. In this, it is made out by the Mutt that by the enforcement of the Government Order, the Mutt will suffer a loss of Rs 1,14,325/- in the aggregate.

× Item I-1 of stt.
⊙ Item I-2 of stt.
# Item II of stt.

3. It has since been ascertained that lands have already been arranged to be

be exchanged for Item I (2) of the statement and if this is omitted now the total amount shown as loss in the statement reduces itself to only Rs47,100/-

4 The points urged by the Mutt for consideration are the following:-

(a) That in exchange for the lands to be submerged on account of construction of 80 feet Dam (1st stage) lands on as same tenure, as at now enjoyed by the Mutt may be arranged to be got for the Mutt. The policy of Government in the disposal of the inamdar's haq in villages etc seems to be, to separate the interests of the [redacted]guttadar and the Inamdar and award compensation in the shape of lands in certain proportions [redacted] independently to each [redacted] of them, thus extinguishing the combined rights of two parties concerned in one and [redacted] the same land. It is learnt that no [redacted] orders have yet been passed reagrding the submersion of lands in the Sarvamanya village of Kallahalli belonging to the Mutt.

In this connection it is [redacted] submitted that the Government have to consider the interests and the rights of both the Inamdars and their tenants [redacted] (guttadars) in dealing with such cases. The calculations made by the Mutt do not take into account the rights of the tenants [redacted], involved in the disposal of awards now. The Government have had to face much difficulty in disposing of

of the respective claims of Inamdar and Guttadar and in commuting their respective rights they have after deliberate consideration passed orders in the matter of separating the interests of Inamdars tenants. The question admits of an easy solution only in case all the present Guttadars of Inam lands are allowed separate lands in exchange for their usufructory rights and the Matt given a separate tract of land or village where they can excercise the same rights of collecting the revenue etc from the tenants thereof as are exercised by the Government; or in other words, where Sarvamanya temure will have to be specially introduced in the new tract to be granted by Government. Whether such an arrangement is feasible or not, it is for the Government to decide.

(b) As regards the dry lands in the Villages of Pura and Ambigarahalli, the terms of Mutchalika asked for to be executed by the Mutt require that a third of the total area under the occupation of the Mutt has to be surrendered to Government on account of the advantages to be derived by the conversion of the dry lands into wet ones. As a sort of compensation the Government will refund every year a sum of Rs2/- on every acre of land so surrendered from the amount of water-rate which is required to be paid by the Mutt for the remaining portions which continue to be in their occupation. This the Mutt agent says does not adequately compensate for the

loss

* (1) Minor Forest Produce.
(2) Stone quarries.
(3) Prospective Revenue.

loss of a third portion referred to above, as the Mutt will be deprived of revenue receipts under the marginally * noted heads. He also states that the water-rate now demanded is Rs6/- an acre and wants the sum to be reduced to Rs4/- per acre. It is not known how this reduction affects the Inamdar, who according to the terms of the mutchalika is simply required to collect these sums from the ryots and pay the same to Govt. The Inamdar is entitled to the assessment on the land which he is now collecting and no more. The contention of the Mutt is that that they will be deprived also of any possible increase of assessment which they would have had a right to collect as the result of the revision Survey and Settlement and this increase the Mutt calculates as 25% on the present assessment. This seems to be a reasonable request and an explicit provision may be made in the Mutchalika to the effect that the Inamdar be allowed to appropriate for himself any increase that might possibly result in the re-settlement after paying Govt. dues etc on account of Water-rate thereon. In commuting the loss of yearly revenue into one of permanent loss of value of lands, the Mutt agent has taken into consideration the following items:-

| | Estimated Loss | | Rs | Mutt's estimate Rs |
|---|---|---|---|---|
| | 107 | 1. Minor Forest Produce | 57 | 107. |
| | | 2. Stone Quarries. | 50 | |
| | | 3. Annual interest which would be realized by the sale of 1/3 portion to private parties instead of surrendering to Government. | | 10 |
| | 263 | | | 789 |
| | 142 | 4. Prospective increase of revenue during the Revision and settlement if the present tenure had been allowed to continue undisturbed. | | 353. |
| | 0 | 5. Increased cost of ~~assessment~~ establishment which the Mutt will have to incur owingto the collection of increased revenue. | | 897 |
| | 512 | | | Rs.2156/- |

Deduct:- 1056/-

* Rs. 1056/- which will be refunded by the Government annually on account of the land surrendered: Balance Rs 1100/- calculated by Mutt to be the loss.

So far as items 1 and 2 are concerned they may be taken as real loss.

3rd Item: the rate at which the selling price of an acre of land is calculated vix., Rs.75/- seems to be rather high; Rs.25/- may be a fair sum and this reduces the figure under item 3 to Rs.263/-

The 4th Item also is liable to be reduced to Rs.142/-.

The last item cannot be taken into account as it is incumbent on the Inamdar to recover whatever id due to Government.

Hence the loss calculated by the Matt may be reduced to:-

1 & 2 Minor Forest Produce, Rs 107

3. Interest on the value of land. 263.

4. Prospective revenue. 142.

Total..... Rs.512/-

As per contra a refund of Rs.1056/- is shown; hence the credit outweighs the debit. A good case cannot however, be made out for the Matt in this respect. All that can now be urged seems to me that in consideration of the loss of certain minor produce and prospective increase of assessment on the lands now to be surrendered, the Government may, if approved, be approached with a request that irrespective of the wet assessment to be eventually fixed on wet lands in the Inam villages, an uniform rate of Rs.4/- (Rupees four only) per acre may be recovered from the Matt Inamdars without demanding the Surrender of the usual one-third portion out of the total area now under occupation. Thereby the Matt will realise much more revenue than what it is calculated to do in the statement and a real everlasting benefit is sure to be secured for it, by this concession, if it is to be granted.

Dear Sir,

I have gone through the records received with your D.O. No.1398/4 dated the 31st May 1918.

There are only two points involved in this matter.

(1) Surrender of 1/3rd irrigable lands in lieu of contribution in the villages served by channel extension.

(2) Settlement of compensation for lands submerged by Krishnarajasagara.

As regards point No.(1) Government after careful consideration of the aspects of this question and after hearing the Inamdars who were placed under similar circumstances have finally decided the question in their -- Order No.R.2858-61/L.R.295-13-2 dated the 27th September 1913, copy of which is enclosed for ready reference.

It will be seen therefrom that ~~by~~ the surrender of 1/3rd irrigable land does in no way prejudice the Mutt authorities in as much as their income is only in the form of recovery of assessment. (i.e., Suvarnaadaya). On the other hand the income of the Mutt -- will practically be doubled, and there is no cause whatsoever for a grievance.

The ryots (Kadim tenants) who are in actual enjoyment of the lands have readily consented to the - surrender of 1/3rd irrigable extent.

As regards point 2 exchange lands to the extent of 65 acres 37 guntas have already been awarded to the Mutt as per their own choice, and for the remaining, either money or land compensation will be awarded according to their choice.

G.O. No. R.2858-61/L R.295-13-2, dated the 27th September 1913.

Read:-

Revenue Commissioner's letter No.755--2, dated 22nd July 1913, forwarding for orders a copy of the Mysore District Deputy Commissioner's letter No.45, dated 12th idem, with which is submitted a copy of the proceedings of a meeting of the Committee, Cauvery Reservoir Works, held on the 8th and 9th May 1913, in regard to the levy of contribution and water rates from holders of Government and Inam lands likely to be benefited by the projected extensions of certain old channels and the opening out of two new channels from the Cauvery Reservoir; and soliciting the sanction of Government to the following recommendations of the Committee:-

1. That the minimum rate of contribution be Rs.60 per acre and the maximum Rs.100; the rate for each village being fixed by the Land Acquisition Officer.

2. That the holders of lands, the extent of which is not less than 3 acres in each case, be asked to give up not less than one-third of their holdings to Government for the use of ryots, whose lands would be submerged by the reservoir, the consideration being that they are not to pay any contribution on an equal extent of the land that may continue in their holding.

3. That in the case of Inam villages, the Inamdar be required to pay the difference between the wet and dry rates of assessment as water-rate.

4. That out of this water-rate, a deduction of one rupee per acre of land surrendered be given in favour of the Inamdar to compensate him for the loss of dry assessment on the extent of land that he will give up.

5. That a further deduction at one rupee per acre of surrendered lands be made in favour of the Inamdar for making over his proprietory right to Government and also to compensate him for the loss of any prospective increase of assessment during the Revision Survey.

6.

20/7/1918. M Krishnarajasagara.

6. That the holders of all lands that will be converted into wet be called upon to take water in summer ∅ for sugar-cane cultivation to an area not less than one-third of their holding and pay an extra assessment of Rs.5 per acre for such water.

<u>O R D E R</u>.-- The Deputy Commissioner recommends that the minimum rate of contribution to be recovered for the lands which will be brought under irrigation from the projected channels may be fixed at Rs.60 per acre, and the maximum, at Rs.100; the actual rate ∅ for each village being determined by the Special Land Acqn: Officer, with due regard to local conditions. Government consider that the reates are moderate compared withthe value of lands in the locality and are accordingly pleased to approve of the proposed rates.

2. With a view to provide the displaced cultivators with lands as already ordered by Government, it is proposed that the holders of lands having an extent of 3 acres and above under the projected channels, be permitted to give up not less than one-third of their holding to Government in lieu of the money contribution due from them to Government for the privilege of irrigating an equal extent of land retained by them in their holding. As many of the ryots are represented to have voluntarily agreed to this arrangement, Government accord their sanction to the proposal. The Deputy Commissioner is requested to arrange for the execution of proper mutchalikas by the parties concerned.

3. As regards the proposal that the Inamdars be required to pay as water-rate the difference between the wet and dry rates of assessment as in the case of Government lands, Government observe that Rule 33 of the Land Revenue Rules as recently amended provides for such a levy, there being no distinction made in the rule between Inam and Government lands in this respect. At the same time, as it may take some years before wet cultivation is established and the exact value of water can be gauged in the locality, Government consider it desirable that the watererate which may be now fixed shou[ld] not

Krishnarajasagara.

not be permanent and they are accordingly pleased to direct that the rates to be fixed on Government as well as Inam lands be temporary for a period of six years, at the end of which period they will be liable to revision at the discretion of Government.

4. The further proposal to remit annually in favour of the Inamdars one rupee for every acre of land surrendered by them to compensate them for the loss of dry assessment, and another rupee per acre for the relinquishment of their proprietory right in favor of Government is also sanctioned. It should, however, be clearly understood that these concessions will be allowed only if the surrendered portions are such as can be added on without difficulty to the adjoining Government villages and that it will not be applicable to cases in which the areas surrendered consist of scattered bits of land in Inam villages not admitting of being added on to the adjacent Government villages and treated as Government lands.

5. With regard to the sixth and last proposal of the Committee Government are of opinion that it will be necessary to charge an extra rate to compensate Government for the expenditure they will be incurring for improving the perennial character of the supply. But as it will be possible to supply water only to a portion of the area commanded by the projected channels for the cultivation of sugar-cane or other perennial crop during summer, option may be given to such holders of lands as are willing to take the benefit of this additional supply to secure to themselves the right by payment of an extra water-rate of Rs.5 per acre as proposed.

6. With a view to facilitate the settlement of the terms of acquisition and exchange of lands, it has been suggested to Government that it is desirable to associate with the Special Land Acquisition Officer, a Committee consisting preferably of a retired Survey Officer, Sub Division Officer of French Rocks and a few influential non-official representatives of the locality. The Revenue Commissioner is requested to consider the suggestion in culsultation with the Chief Engineer and submit proposals, if possible, with a fortnight for the approval of Government.

Letter No. D/Dis. 37 of 1918-19 dated the 19th July 1918 from the Special Land Acquisition Officer, Krishnaraja Sagara Works, to B. Ramakrishna Rao, Esq., Palace Controller, Mysore.

**********

I have gone through the records received with your D. O. No. 1398/4 dated the 31st May 1918.

There are only two points involved in this matter

(1) Surrender of 1/3rd irrigable lands in liue of contribution in the villages served by channel extension

(2) Settlement of compensation for lands submerged by Krishnarajasagara

As regards point No. (1) Government after careful consideration of the aspects of this question and after hearing the Inamdars who were placed under similar circumstances have finally decided the question in their Order No. R. 2858-61/L.R. 295-13-2 dated the 27th September 1913, copy of which is enclosed for ready reference.

It will be seen therefrom that the surrender of 1/3rd irrigable land does in no way prejudice the Mutt authorities in as much as their income is only in the form of recovery of assessment. (i.e., Suvarnadaya). On the other hand the income of the Mutt will practically be doubled and there is no cause whatsoever for a grievance.

The ryots (Kadim tenants) who are in actual enjoyment of the lands have readily consented to the surrender of 1/3rd irrigable extent.

As regards point 2 exchangelands to the extent of 15 acres 37 guntas have already been awarded to the Mutt as per their own choice, and for the remaining, either money or land compensation will be awarded according to their choice.

The file of papers received with the above is herewith returned.

Palace Controller, M y s o r e.

Sir,

With reference to your D.O. letter No.1033/1 dated 18th February 1919 enclosing copy of Yadi from the Sri Parakali Mutt, and requesting me to furnish my remarks thereon with a statement of lands pertaining to the Mutt affected by the operations of the Krishnarajasagara Works, I have the honor to append a statement of lands, and to state as follows:-

2 The Yadi in question summarises the demands of the Mutt as being five distinct points, and I shall refer to them Seriatim.

3 The first demand is that the Inam villages belonging to the Mutt should be exempted from surrendering one-third of the irrigable extent. Government Order No.2858-61/L.R.395-13-2, dated 27th September'13 (copy of which I forwarded with my D.O. letter of 19th July 1918) prescribing this surrender has been made more imperative by subsequent Government Order No.11033-5/L.R.241-14-43, dated 28th May 1916 which provides for a compulsory acquisition of the one-third share, where voluntary surrender is not made.

Page 35 of L.C. Manual

Page 87 of L.C. Manual

4 The second demand of the Mutt is that the water-rate on their newly irrigated lands should be fixed at Rs.4/- per acre instead of Rs.6/- as is now being recovered. On this point I have only to

to invite reference to Rule 33 of the Rules under the Land -- Revenue Code (Revised Edition of 1915, page 12) wherein it is emphatically laid down that the water-rate to be levied in such cases will be the difference between the existing dry rate of the lands concerned and the prevailing wet rate in the neighbouring Government village.

5 The third demand of the Mutt is grant of equal extent of Government lands to the Mutt contiguous to the Inam lands to compensate the submergeable portion.

6 You will see from the enclosed list that the total extents submergeable in both the stages of the Reservoir are:-

| | | Ac. G. | |
|---|---|---|---|
| Dry | ... | 765- 30. | |
| Wet | ... | 307- 6. | 348- 5. |
| Garden | ... | 40- 39. | |

7 Dealing first with wet and garden lands, the maximum rates of exchange allowed by Standing Orders are 1½ to 1 (3 : 2) in the case of wet lands, and 2 to 1 in the case of garden lands. This maximum is granted in exceptional cases only when the submerged lands are most superior. Even if the exchange is granted to the Mutt at the maximum rate, about 542 A.- 27 guntas of irrigable land will become due to the Mutt as specified in the margin.

| | | Extent due. Ac. G. |
|---|---|---|
| For 307- 6 of wet (in the ratio of 3 : 2). | ... | 460- 29 |
| For 40- 39 of garden ( -do- of 2 : 1). | ... | 81- 38 |
| Total.- | | 542- 27. |

8 By the introduction of the Mandagere Channel the following extents of dry lands in the Inam villages of the Mutt are rendered irrigable:-

| | | Ac. G. |
|---|---|---|
| 1. Yagachiguppe. | ... | 3- 9. |
| 2. Pura | ... | 481- 26. |
| 3. Ambigarhalli | ... | 263- 28. |
| Total.- | ... | 748- 23. |

9 As per existing rules, the Mutt has to surrender one-third of this extent or about 250 acres to Government, and pay - - Rs.15,000/- as contribution at Rs.60/- per acre on one-half of the

the remaining two-third extent of about 500 acres, and further agree to an annual payment of Rs.3,000/- towards water-rate on the two-third extent at Rs.6/- per acre.

10 I would like to suggest a more convenient and equitable arrangement in settlement of the matter as follows:-

11 In all about 750 acres of Mutt lands are irrigated by Government water viz., the new channel. In place of the original wet and garden lands which become submerged, the Mutt is, at most, entitled as per calculation above, to about 540 acres of irrigable lands. I would propose the providing of this extent from the newly irrigated extent in the Inam villages themselves, Government foregoing all right to one-third surrender, contribution and water-rate thereon. In addition to the above wet and garden lands, an extent of 765 acres 30 guntas of dry area is also to submerge. When wet lands are sought in exchange for submergeable dry lands the ratio of exchange generally allowed is 1 : 6. And if the Mutt would have wet lands granted in exchange for their dry, then at this rate the Mutt would get 127 acres of irrigable land for the dry extent to be submerged and a similar extent of irrigable land for 748 acres 23 guntas of dry land which the Mutt originally owned and which has now been converted into irrigable. Thus in all about 250 acres of irrigable lands will be due to the Mutt.

12 Deducting 540 acres from 750 acres there still remains a balance of about 210 acres. This extent may be taken in part adjustment and the balance due will be made available from any Government land which the Mutt may choose.

13 If this arrangement is agreed to, it would be advantageous to the Mutt in as much as all its submergeable lands are restored within the Inam villages themselves, with the additional benefit of irrigation, and the Mutt will be absolved from its necessity of surrendering lands and paying contribution which they do not like to do.

14 If dry lands are required in exchange for any portion of the dry extent submergeable, the same may be granted in any of the Kavals available.

15 The above proposals if accepted satisfy not only items 2 & 3 of the Mutt demands, but also item No.4 which asks for the reduction of the rate of contribution from Rs.60/- to Rs.20/- per acre. By the above arrangement the Mutt will be entitled to the enjoyment of all their irrigable lands without the payment of any contribution whatsoever.

16 As regards item No.5 referred to in the petition, namely the recovery of extra kandayam at Rs.5/- per acre for the 2nd crop, I have to state that Government in their Order No.R.2858-61/L.R.295-13-2, dated 27th September 1913 have decided to levy an extra rate of Rs.5/- per acre for improving the perennial character of the water supply, and I am of opinion that this does not become applicable to the Mandagere or Hemagiri Channels commanding the Inam village lands; but only to channels fed by the Krishnarajasagara Reservoir, and as such this question does not appear to arise in the case of the Mutt.

Dated the 4th April 1919.

R.N.M.

Note on the Parkal Mutt lands
under the Krishnaraja Sagara Reservoir.

- - - -

In accordance with the Huzur Secretary's instructions, I called upon the Parakal Swamy to find out what he wanted done now in connection with the Mutt lands which are likely to be submerged by the construction of the Cauvery Reservoir. His present requests differ, I find, from those mentioned in the representation sent by the Mutt dated 12-6-17.

2. The Mutt has got wet, garden and dry lands in about 8 villages in the Cauvery Valley. Out of these, a total extent of about 1,115 acres will be submerged when the Dam is raised to 120 feet. The area submerged under the first stage is very little, viz., about 30 acres. In addition to this, about 750 acres of the Mutt lands in two of these ~~8~~ villages become newly irrigable by the Mandagere channel extension.

3. The points for consideration therefore are:-

(i) The award of compensation for lands to be submerged,

(ii) How to deal with the 750 acres of dry land to be converted into wet by the extension of channels,

(iii) Question of the amount of water rate to be levied on these newly irrigable lands.

With reference to item No.(ii) it may be mentioned that existing orders of Government provide for the surrender of $\frac{1}{3}$ of the area and for the levy of contribution at the rate of 60 per acre on $\frac{1}{3}$, the remaining $\frac{1}{3}$ being held free of contribution.

4. The solution offered by the Special Land Acquisition Officer in his letter of the 4th April 1919 is briefly as follows:-

He suggests that in lieu of the lands which will become submerged, the equivalent area to be awarded as compensation may be provided from the newly irrigated extent in the Inam villages themselves, Government foregoing all right to one-third surrender, contribution and water rate thereon. He thinks that this arrangement would be advantageous to the Mutt as all its submergible lands are restored in their inam villages themselves, and the mutt will be absolved from the necessity of surrendering the lands and paying contribution which they do not like.

5. These proposals are not acceptable to the Mutt for various reasons. It is necessary to refer only to the most important of them. It appears that the wet lands of the mutt in Kaihalli are very superior and according to the Land Acquisition officer's proposal, the mutt would get in exchange very inferior lands in Pura and Ambigara

Ambigara Halli. Moreover the exact scope of his proposals was not understood by the mutt.

6. It must indeed be stated that the proposals of the Land Acquisition Officer are not very clear. They are defective in that no account is taken of the rights of the tenants in the lands to be newly irrigated. He seems to deal with those lands as if they entirely belonged to the Mutt while as a matter of fact the Mutt is only entitled to receive kandayam from the tenants. Moreover he mixes up the two entirely independent questions of compensation for submergible lands and of dealing with dry lands to be converted into wet. The former is not one of urgency, especially under the present circumstances while the latter has to be dealt with at once. It seems therefore desirable to treat the two questions referred to above separately.

7. I would therefore suggest that the question of compensation for the submergible lands may be taken up later on. The Swami promises to let us know later on what lands he would choose in lieu of the submergible lands. As regards the 750 acres to be converted into wet by the Mandagere channel, the Swami requests that Government may take over the one-third portion as required by rules but instead of distributing it to others, wants it handed over to the

the Mutt as their separate private property. As the Government would be deprived of this area he agrees to pay for this portion a contribution of Rs. 120/- per acre which is equivalent to the loss which Government will sustain. The amount may be recovered in five instalments.

It is understood that these lands, though taken from the raiyats are still at the disposal of Govt.

This proposal is tantamount to a transfer by Government of the one-third portion of the lands surrendered to Government at the rate of Rs.120/- per acre. It will not involve any loss either to Government or to the Kadim tenants.

The only inconvenience will be that Government will be deprived of about 250 acres which will be otherwise available for distribution to other drowned out ryots. But in view of the public and charitable character of the Mutt this concession may well be shown. The Swami emphasised that his object was to get some paddy from the Mutt lands instead of having to buy it as ~~all~~ most of the existing lands only yield kandayam.

8 He also wanted that the water rate on the newly irrigable lands may be reduced from Rs.6/- to 4/-. It is not clear how far Government can afford to make a special exception as regards the rate in the case of the Mutt. ~~and the request is one for consideration.~~ If any exceptions have been made hitherto or could possibly be made the request may be favourably considered.

SDR

Are the exceptions made in special case?

Dear Mr. Ranganatha Rao Saheb,

I write to acknowledge the receipt of your D.O.letter of even date. The file has been receipted in this office by one of the clerks on 27th January 1920, and was not placed before me. A thorough search was made in this Office and it has not been found.

From investigation held, it is made out that the file must have been burked by one of the clerks when it was sent for registering or in case it was not sent by the Personal Assistant for registering that day, it must have been removed from his table by some one who had a motive for doing so. The only motive I can think of would be to delay the disposal of the matter and cause inconvenience to the Mutt authorities.

Under these circumstances, a copy of the application from the Mutt may kindly be obtained either from the Mutt or from the Huzur Secretary's Office and the matter disposed of in the light of my reply to the Huzur Secretary's letter, copy of which has been forwarded to you with my last D.O.on the subject. I very much regret the occurrence of this incident.

Palace Controller's Office,

D.O.No.933 Mysore, 22- 2- 1918.

My dear Mr. Aravamudu Iyengar,

His Holiness Sri Parakala Swami wishes to go to Bangalore on his way to Sri Tirupathi. I have received orders from His Highness to consult you about Honors etc for him and submit report. May I know when you would be back in Mysore on your return journey to Bangalore from your present Tour in the Mysore District. Between the 2nd and 9th March I won't be here. I wish if possible to submit my report on the 1st Proximo. His Highness moves to Bangalore on the 27th Instant. Please tell me also when you would reach Nanjangud.

Yours sincerely,

D.O. No. 181

OFFICE OF THE MUZRAI SUPERINTENDENT IN MYSORE.

Dated BANGALORE, 26th January 1918.

My dear Mr. Ramakrishna Rao,

I am just now in receipt of your D.O.letter No.933 dated 22nd instant which was redirected from Nanjangud. Owing to the fixture of the District Conference and other Meetings at Mysore from the 25th onwards, I have had to break my tour for a few days and so I returned on the 24th intending to go back on the 3rd proximo. I am sorry I was not able to see you when I touched Mysore on my way back.

I note that you wish to have a discussion about the Honours due to Sri Parakalaswami. I shall trace all the connected papers in my office. If I remember right, there was only one previous occasion of his having visited Bangalore, of which we have any information. I do not know where you are likely to be between the 2nd and 9th proximo. If

(4)

you are likely to come here, we can meet and discuss matters or if you can postpone your journey until after the 3rd, I can meet you at Mysore. Please let me know what you propose to do or how you wish me to arrange

Yours sincerely,

Proceedingsof the Government of H.H. The Maharaja of Mysore.

## M U Z R A I.

Order No.756-66/M.F.128-09-1.

Dated Bangalore, 13th September 1909.

- - - - - - - - - - - - - - -

It has been under contemplation, for some time past, to draw up an exhaustive list of important Matts which are entitled by their status to the privilege of the grant of the first day's Biksha from Government on the occasionof their visits to Bangalore. The Muzrai Superintendent has prepared and submitted such a list noting the amount which may be granted in each case. The Government of H.H. the Maharaja ~~xx~~ observe that the list submitted by the Muzrai Superintendent and appended to this Order has been carefully and judiciously prepared and are therefore pleased to approve and sanction the same.

2. It is considered unnecessary to include the Sri Parakalaswamy Matt in this list as the Swamigalu of that Matt does not usually go out on any tours beyond Melkote. The honor due to the Swamigalu of this Matt in this respect will be settled whenever he has occasion to visit the City of Bangalore in course of any projected tour.

For convenience of handling, the question may be dealt with under the following heads:--

A. The honours to which the Swami is entitled during his tours within the State.

B. The reception honours to be accorded to him if he happens to visit Bangalore.

C. The arrangements required if he should leave the State limits on tour.

A. The Secretariat records have been searched but the available material dealing upon the point is somewhat meagre. There is no doubt that the Matt has been displaying considerable pomp and paraphernalia in its past peregrinations through the State though none of the Rahadaris now available seems to give full details of all the insignia and accompaniments. The appended

extracts from the Secretariat compilation of 1888 though defective throw some light upon the subject. The Rahadaris issued in the later days of the British Commission allude only in general terms to the accompaniments as "elephants, horses, camels, arms and his usual insignias such as Chattri, Chamarah etc." Vide Rahadari dated 16th February 1864. Since the rendition, the Swamigalu does not appear to have made a formal progress through the State. In any case no application seems to have been made to Government for a Rahadari except the one received in connection with his visit to Melkote in March 1915. As regards this visit a Rahadari was issued, but the details of insignia have not been noted. It is a matter for consideration whether advantage of this opportunity should not be taken to set out in detail all the insignia which the Swami desires to take with him or is entitled to display. It may be said in this connection that such detailed mention has not been made in the case of Rahadaris issued for the Sringeri Swami in the years 1906 and 1910.

As regards the escort which should accompany the Swamigalu, there seems to be considerable difference of opinion. In 1813-14 a party of Silledars 50 strong under a Risaldar is known to have accompanied the Swami though information is not available as to whether this party had accompanied him outside the State. There seems however to be little doubt that the detachment of Silledars (one Biradari) stationed at the Matt always accompanied him in his tour through the State even during the time of the British Commission. Vide Chief Commissioner's letter No.191 dated 11th April 1864.

When a subsequent tour of the Swami was in contemplation in 1869, permission was applied for by the Guardian to His Highness to detail an escort of one Biradari of Silledars from the commission and a guard each of Sepoys and Rachavars from the Palace in addition to 8 Balla peons.

In the Rahadari issued in March 1915 one Biradari of Silledars and one guard of sepoys have been allowed together with 16 Palace Dalayets and 5 Raja Pahara peons. Thus the Matt seems to have a right to the above escort, viz. 1 Biradari of Silledars and 1 guard of sepoys and this in addition to such detachment of household troops and peons as His Highness may be pleased to grant. In this connection

connection it may be pointed out that the military escort to the Sringeri Matt consists of 2 Biradari of Silledars ~~and one guard of sepoys. Vide Rahadari dated~~ vide G.O no 3497 / G.M. 184-06-3 dated 4.12.1906.

B. Regarding the reception honours to be shown to the Swami if he happens to visit Bangalore, it is to be noted that no record of any reception is forthcoming and it is not even known if the Swami had ever entered the city of Bangalore during his previous visits. It is thus necessary to fix anew the honours that may have to be shown in consideration of the standing and importance of the Matt.

The question of this Matt's position was touched upon in fixing the classification of Matts as regards their claim to 1st day's Biksha and it was recommended that this Matt may be classed with Sringeri Matt or Uttaradi Matt according to the pleasure of His Highness but mention of the Matt was omitted from the list as the tour of the Swami is always undertaken in immediate consultation with His Highness.

Judging from the honours which are being enjoyed by the Matt, its rightful position seems to be one higher than the Uttaradi Matt, though not quite so high

as Sringeri Matt. Allusion has already been made to the precedent of a Risala of Silledars having accompanied the Swami in his tour in 1813-14. Since then the practice appears to have been only to attach to the Matt a Biradari of Silledars and a guard of Sepoys, with a detachment of Palace ~~horses~~ peons. In common with the Sringeri Matt, this Matt was allowed the privilege of a military escort even in its tours outside the State. Owing apparently to a change of policy such aid appears to have been refused in 1864 and 1869 but on a subsequent representation it was granted in 1870 on the analogy of a similar escort to the Sringeri Swami and this privilege is only accorded to these two Matts in contradistinction to the remaining Matts.

Again the scale of insignia permitted to the Parakala Matt is distinctly on a higher scale than even the Uttaradi Matt as witness the Panchakalasada Palki, Panchakalasada Swetachatri and Panchakalasada Ambari etc. while at the same time the Sringeri Matt has the unique privilege of Adda Palki in addition.

* The scale of salute and the Ista Kapal with which this Matt is honoured in Mysore leaves no doubt about its superior position compared with that of the Uttaradi Matt. At the same time it is difficult to fix the relative position as between this Matt and Sringeri Matt except that

the former may be said to occupy a position somewhat inferior to the latter, judging by the standards referred to.

As the present purpose is only to fix a scale of reception, it seems to be quite unnecessary to go into minute appraisement of the relative merit of these Matts and it seems to be sufficient if the place of this Matt is indicated in the classification of Matts adopted on broad consideration of its position in the social scale and the honours it has won in the past from the Sovereigns of Mysore. By the order of 1909, the Matts entitled to a recognition have been broadly divided into 4 classes and this classification has been practically adopted in fixing the scale of reception honours to be shown to the Matts when they visit Bangalore. These classes are

| | | |
|---|---|---|
| 1st class | consisting | of Sringeri Matt. |
| 2nd | " | of Uttaradi Matt. |
| 3rd | " | of six Matts. |
| 4th | " | of 16 other Matts |

If another class for the Parakala Matt alone is not to be created, it seems to be clearly indicated that the position of this Matt should be in the first class with the Sringeri Matt. Roughly speaking it may be said that the interval between the Parakala Matt and the Uttaradi Matt is much greater than that between the former and the Sringeri Matt. This

would also, it may be permitted to be said, be in keeping with correct feeling and religious propriety as though the position of the Parakala Matt may not be quite so pre-eminent in the religious history of the country as that of the Sringeri Matt, yet it must be remembered that it is the Guru Pita of the Sovereign who is the fountain head of all honours.

If this view is accepted the honours which may have to be shown to the Swami at Bangalore should be somewhat as follows:--

| | |
|---|---|
| (i) 1st day's Biksha. - | Rs.300 |
| (ii) Salute. - - - | 21 guns. |
| (iii) Military escort. | One Risala of Silledars or at least two Biradari if it should be inconvenient to furnish a whole Risala. |
| (iv) Guard of Honour. | A Barr-guard of 12 sepoys. |
| (v) Music. - | A set of Military Bandsmen. |

(vi) Pandal at the usual place of Istikappal.

(vii) Provision of suitable accommodation for the Swami's stay.

(viii) Reception by the leading citizens, Setties, Vartakas headed by the Honorary President, City Municipality, the Muzrai Secretary and the Deputy Commissioner.

(ix) Taking the Swami in procession with military escort and music to his place of residence.

C. The arrangements required

after he leaves the State limits.

As is usual in such cases the Hon'ble the Resident will have to be requested to move the Madras Government to issue directions to their District Officers to render such assistance as may be necessary and to prevent all interruptions that may be caused.

In the previous paragraphs allusion has been made to the right of the Swami to take with him a military escort. In the discussions relating to the detailing of such an escort in 1869-70, it was decided that such detailment was detrimental to discipline and that no escorts of the kind will be accorded to either of these Matts, vide Secretary's letter No.547 dated 16th March 1870.

The Sringeri Swami appears to have started on a tour to Ramesvara in 1891 but the papers connected with that tour have not yet been traced in the Secretariat records and hence it is not possible to state the grounds on which the above decision was revised and the old practice of providing a military escort was revived. Nor is it possible to say with any degree of certainty the actual composition of the escort that accompanied the Swami outside the State. From the copy of the Rahadari relating

to this tour to be found in File No.184 of 1906-07, it will be seen that permission was granted to take 20 horses, 20 muskets and 20 swords and an inference may perhaps be made that the escort consisted of one or two Biradaris of Silledars with possibly one or two infantry guards. Vide also letter No.25 dated 17th November 1906 from the Agent of the Sringeri Matt.

The practice was followed in 1907 when the Swami left for Kaladi and a Biradari of Silledars and an infantry guard were deputed to accompany the Swami on tour both in and outside the State. This force seems to have been in addition to the Infantry guard deputed for duty at the Jaghir, the guard being left behind at Sringeri. Vide Secretary's letter No.G.3508 dated 4th December 1906 to the Military Assistant.

If as it is stated in the letter of 16th March 1870 referred to above, 'the same indlugence should be accorded to the ParakalaSwamigalu', a good case appears to have been made out for a military escort being given in the case of this Matt also and the strength of the force will have to be on the principle recognized in the case of the Sringeri ~~Matt, the same as that which~~

(36)

the Matt is entitled to in its tours inside the State. This is apparently fixed at one Biradari of Silledars and an infantry guard of Sepoys. Vide the Rahadari dated 18th March 1915.

My dear Mr. Ramakrishna Rao,

I am directed to return herewith, with thanks, the papers received with your No.204 dated 21st August 1918 regarding the honours to be issued to the Swamigalu of the Sri Parakali Matt during his tours inside and outside the State and to say that so far as the Palace honours are concerned your proposal is approved and that as regards the honours and Rahadaris to be issued by Government, you may kindly inform Mr. Aravamudu Iyengar that they will have to be settled in the Muzrai Secretariat. The date on which the Swamigalu wishes to proceed on tour of pilgrimage to Tirupati may be intimated to the Muzrai Secretary so that Government may pass necessary orders in the matter in time.

Yours sincerely,

My dear Mr. Ramakrishna Rao,

Referring to D.O. correspondence ending with my letter No.269/Muz.9-18-1 dated the 24th July 1918 forwarding to you a note regarding the honours to which the Swamigalu of the Sri Parakala Matha will be entitled to in his tours, I wish to know if anything definite has been settled in the matter. If the Swami really intends moving out of the State the Residency will have to be communicated with, sufficiently early and hence my anxiety to know well be-
fore-

beforehand the Swami's movements.

I shall be thankful if you will kindly send me a line in reply.

Yours sincerely,
